RE: UNITED STATES V. ANTHONY BUCCI

NO. 04-CR-10194-RCL

Dear Judge Alexander,

First of all I would like to send you
my condolences for your loss. I can
empathize with you and I have said
prayers for you and your family.

I am writing you because it
is hard for me to remain silent when
I listen to the Government lie about me
and worst of all my mother, in my eyes
that is as low as it gets and not
even the richest King could pay me to
disrespect and lie about someones mother
like that. The only reason I didn't
go to trial on the 1997 case was because
the Government told my attorney Joe O'teri
that if I continued to trial they would
indict my mother for money laundering.
My mother is my everything so I took
the time like a man even though she
argued me to go to trial. An informant
came forward after I was sentenced
because he felt Guilty and said, "the
government told him to say my mother
held my money in a safety deposit box
or else he was going to jail for a long
time. It sickens me that they get

away with this. Even in this case

Mark Tully wasn't even on the case until January 15th yet he writes about the crime like he knows I am involved. Obviously Jon Minotti is telling him his lying account. Also, Trooper O'Neil testified and he wasn't even on surveillance that day either. How can they do this? My freedom is on the line and neither one of them was there and all they can say is I was in the vicinity? If someone robbed a bank and you were in there cashing a check and they said you had knowledge would you be in prison like me? This could happen to anyone except I am being punished because I was in prison before. I paid my dues to society and deserve to be treated like anyone else. Jon Minotti has sold more drugs ~~yet he~~ than a Columbian Cartel yet he is

out on bail because Mr. Farley has
chosen to reward him for cooperating
which isn't up to him. Jon Minotti
lost his prison guard job for trading
his gun for crack cocaine. He also
stuck his gun in someones throat at
the Town Line in Malden and Police
charged him. Did Mr. Farley present
this at his bail hearing? I would
consider him a danger to society!!

I am considered a danger
to society and everyone of the Governments
witnesses at the Grand Jury said I
wasn't violent. They even said Jon
Minotti was known to carry a gun.
I had 3 informants in my last case
and none of them ever had a
problem from me. Mr. Farley said
I ordered a hit which is an absolute
100% untruth and if I lied like that
I would have a perjury case. How
can he be allowed to lie to the

count like that? It is murder logging, (4)

Today I was served with Seizure notices for my car which is worth \$23,500 and I owe \$14,500 and for the \$6,500 I had in my briefcase. I work hard for my money fixing and building homes and I cannot believe with no evidence they can just seize my property again. Jon Minotti's house is worth \$800,000, which in discovery in taped conversations say he deals drugs out of his home (and his wife has knowledge) has not been seized??? How can they justify not seizing his house? He is being treated like a modern day Whitely Bulger, and I am being treated like a prisoner of war and I am 100% innocent.

In conclusion, thank you for reading this letter and I hope and pray you give me a chance to re enter society. My family needs me because financially and mentally

we are hurting. I am eager to prove my innocence and need your help. I am a good person and nothing like they are trying to make me out to be. I promise once again not to disappoint you if given a chance.

Sincerely,
With Respect,

Anthony Bui
